Subject: SB16 and HB5416

SB16 will do nothing to curtail crime in CT, it will simply add onerous restrictions to law-abiding citizens, who are not the ones committing the crimes. THERE IS NO SUCH THING AS GUN VIOLENCE. People are violent, not the guns. Leave them in the hands of the law abiding citizens. Criminals don't obey the laws we have, yet this bill would punish the very people who are abiding by the law. Banning AR-15's and Others will do nothing in CT to reduce crime. We'd be better off banning motor vehicles, they kill more people! As for HB5416, limiting firearm purchases would not stop crime, again, criminals do NOT OBEY THE LAWS.

Please support SB388, HB5415 and HB5412, bills good for the law abiding, hard working people of this great state.

Thank you for your support in this matter.
